<b>FOOD SAFETY</b>		
(1) Percentage of restaurants inspected by a food safety oversight body, (2) percentage receiving critical violations	FB-RN-250a.1	<p>Domino's has a multi-layered approach to providing food safety oversight of restaurants. An internal team of auditors normally conducts a minimum of two inspections per store per year, and the scope includes key components that would be covered by a third party health agency. Due to COVID restrictions, 90% of stores were evaluated in 2021. In addition, an independent third party company conducts a minimum of one audit per year for over 99% of eligible stores, and Domino's is exploring transitioning to a risk based approach for this process.</p> <p>Through rigorous data analysis and applied, active managerial control, we aim to drive continual improvement on food safety performance and maintain our focus on sustaining a strong food safety culture.</p>
(1) Number of recalls issued and (2) total amount of food product recalled	FB-RN-250a.2	During calendar year 2021, there was one food safety recall from our chicken supplier although no Domino's product was remaining in inventory when the recall was issued and the recall did not impact Domino's. Domino's had no legal proceedings related to food recalls in 2021.
Number of confirmed foodborne illness outbreaks, percentage resulting in U.S. Centers for Disease Control and Prevention (CDC) investigation	FB-RN-250a.3	During calendar year 2021, there were no confirmed cases of food born-illness outbreaks associated with any Domino's stores.
