Children enjoyed shopping for Christmas gifts and a pizza dinner at the Washtenaw County Sheriff’s Office Shop With A Cop event in Ypsilanti, Michigan.
Letter from our CEO

Dear Friends,

Over the past 56 years, we’ve grown from a single store in Ypsilanti, Michigan, to become the recognized world leader in pizza delivery with more than 13,200 stores worldwide. We care about our communities, and we are dedicated to delivering a difference. The team at Domino’s will look at 2016 as a milestone year for our partnership with St. Jude Children’s Research Hospital®, the Partners Foundation, and other local and national charitable initiatives.

For the 13th consecutive year, Domino’s continued its support of St. Jude during the annual Thanks and Giving® campaign. Thanks to the efforts of customers, stores and franchisees – in addition to a company contribution – Domino’s reached yet another all-time high fundraising record of $7.3 million for St. Jude in 2016, the largest charitable contribution in the history of the company. Domino’s has raised more than $38 million since naming St. Jude as our national charity partner in 2004.

2016 marked the 30th anniversary of the Domino’s Partners Foundation. Partners distributed more than $1,175,000 in financial assistance and helped more than 1,200 Domino’s team members in 2016.

Beyond those initiatives, Domino’s donated more than $874,206 through monetary and in-kind gifts to more than 200 local and national organizations, including GENYOUth and Boys and Girls Clubs of America.

In October 2016, Domino’s announced a commitment to future farmers and the agriculture industry by donating $1 million over five years to the National FFA Organization, an intra-curricular student organization for youth interested in agriculture. The five-year commitment will begin in 2017, and will help fund collegiate scholarships and grants for supervised agriculture experiences, as well as hunger relief and advocacy programs.

Domino’s franchise owners and team members across the country continued to offer consistent support to their local communities, allowing them to create a lasting impact on many deserving people and organizations.

Thank you for following the progress of our charitable giving programs. We are proud to have the opportunity to be a real part of our neighborhoods and help strengthen our communities. We look forward to continuing this growth and building on to this very spirited year of giving.

Sincerely,

Patrick Doyle
President and CEO
A Domino’s team member teaches a St. Jude patient to throw dough.
Domino’s has been a proud supporter and strong ally of St. Jude since it was named as a national partner in 2004. Domino’s has been successful in raising both awareness and funds, helping St. Jude continue its lifesaving research and tireless efforts to find the cures that can save children around the world.

ST. JUDE THANKS AND GIVING® CAMPAIGN
Domino’s stores across the nation participated in the 2016 campaign by asking customers for a donation to help the patients and families of St. Jude. With the combined support of customers, stores and team members, Domino’s contributed a record $7.3 million to St. Jude. In the last 13 years, Domino’s has raised more than $38 million to support St. Jude’s mission.

ST. JUDE WALK/RUN TO END CHILDHOOD CANCER
Domino’s sponsored the St. Jude Walk/Run to End Childhood Cancer at the national level for the second year in a row. Friends of St. Jude across the country walked and ran together in support of the fight against childhood cancer. Domino’s franchisees and team members in 28 cities came together to raise more than $150,000.

ADDITIONAL SUPPORT
Domino’s supports St. Jude through in-kind donations all year long. It provides pizza parties for St. Jude patients and their families, and the St. Jude logo is featured on millions of pizza boxes, and through a link on dominos.com, to assist in raising awareness for the hospital.

In September 2016, Domino’s joined St. Jude in Memphis for a pizza party at the Domino’s Event Center at St. Jude Children’s Research Hospital to acknowledge Childhood Cancer Awareness Month.

St. Jude patients enjoyed painting pizza-shaped cookies during a party at the Domino’s Event Center.
2016 marked the 30th anniversary of the Domino’s Partners Foundation, an independent nonprofit organization created with the specific intent of providing financial assistance to Domino’s team members in immediate crisis. Since it began, more than $17 million has been allocated to team members who have been affected by illness, injury, fire, accidents or natural disasters.

In 2016 alone, Partners distributed more than $1.2 million in financial assistance and helped more than 1,200 Domino’s team members.

The Partners Foundation is generously funded with donations received primarily through employee payroll-deduction programs, franchisee contributions and various fundraising activities.

Pictured on these pages: Domino’s general manager Alex Johnson from Denham Springs, Louisiana.

In August 2016, prolonged rainfall in the Baton Rouge area caused massive flooding, which displaced Alex, his wife Ashley and their small infant. The flood destroyed the Johnson home and everything in it, including their vehicle. Partners helped Alex and his family by providing significant financial assistance to help begin reconstruction of their home.

Unfortunately, Alex wasn’t alone – Partners provided support to 146 Domino’s team members also affected by the same flooding.
Community Support

In 2016, Domino’s donated more than $328,000 in monetary and $112,000 in in-kind gifts, including gift cards and pizza deliveries, to hundreds of organizations, like Boys and Girls Club of America’s back-to-school celebrations, Girl Scouts Heart of Michigan’s day camps and Habitat for Humanity build days.

Domino’s contributes to a variety of organizations supporting causes broken down into seven categories, outlined in the index on the next page. These organizations are primarily based in southeastern Michigan, where Domino’s was founded and is currently headquartered.

“Everyone at the Just Us Club loved the pizza donated by our friends at Domino’s! The pizzas were a wonderful addition to our celebration at several special occasions this past year. We are deeply grateful for Domino’s support of our mission to serve children and adults with special needs.”

– Marilyn Johnson, Executive Director, Just Us Club, which provides special needs care for children and adults in Ann Arbor, Michigan.
Local Support

Domino’s is proud of its franchisees across the country who choose to support a wide variety of charitable initiatives in their own backyards by delivering pizzas and offering financial assistance.

Mike Cunningham’s store in Conroe, Texas, donated pizzas to an annual party in the park for foster children under the care of Child Protective Services.

Ray Montez’s stores in Illinois support the Great Lakes Adaptive Sports Association, an organization offering recreation, fitness and competitive sports activities to youth adults and military veterans with physical disabilities.

In Cincinnati, Ohio, John Glass partnered with an ACT tutoring program for underprivileged high school athletes by providing pizzas.

During Fire Prevention Week in October, 74 stores representing 40 different franchise organizations delivered pizzas with their local fire departments to increase fire safety awareness.

In honor of the opening of the 13,000th store in Auburn, Washington, Domino’s and franchise owner Greg Keller donated $13,000 to the local chapter of the Leukemia and Lymphoma Society.

All of these examples, in addition to the many others which take place every day in cities across the country, make us so proud of our nearly 850 franchise owners who strive to be good neighbors and help others whenever possible.

PIZZA RELIEF

In 2016, stores across the country continued to deliver pizzas to people in need, as they have for the last 56 years. We put corporate dollars behind that effort again this year to amplify the good work franchisees are doing. This program included deliveries of pizzas to police in Florida and South Carolina serving around the clock during Hurricane Matthew, volunteers working during the height of the water crisis in Flint, Michigan, those stricken by tornado damage in Mississippi and more.

The supply chain center in Baton Rouge, Louisiana, partnered with Ready-Pac to donate more than 7,000 salads to the American Red Cross to feed those affected by the massive floods in August. Simultaneously, the local stores in the area donated pizzas to those hungry and stranded by the disaster, even delivering by kayak.

We are proud of our system for the dedication and ability to come together and provide needed support to the communities we serve following terrible disasters like these.
# Domino’s Pizza Giving Totals for 2016
